

Unit 6 Waves - I Can Statements

| I Can Statement | Page Number |
|---------------------------------------------------------------------------------|-------------|
| A. I can define and label the parts of a wave. | |
| B. I can show how amplitude and energy are related in a wave. | |
| C. I can show how waves travel and carry energy. | |
| D. I can use math to show how wave speed, wavelength and frequency are related. | |
| E. I can research the benefits of digital signals over analog signals. | |
